

District Superintendent Larry McKain's Commitments to the Chicago Central District

My Passion: To continue personally listening to the Father, becoming more like Jesus His Son and experiencing the fullness of the Holy Spirit in my daily living. To be involved in a **multiplying ministry** that adds to God's global harvest and influences large numbers of people to follow Jesus Christ and receive His saving grace. This **multiplying ministry** focusing on God's global harvest includes the Chicago Central District, the USA/Canada Region and the entire world.

My District Focus: To serve our churches, bringing resources and needs together.

My Commitment to Pastors:

- (1) To pray for each pastor and their family.
- (2) To be a source of encouragement to each pastor and family.
- (3) To provide environments where the highest potential of every pastor can be adequately developed.
- (4) To resource our CCD pastors through our District Resource Center, district website, cohorts, introducing them to other leaders, resource podcasts, e-books, training events and personal ministry to them.
- (5) To encourage each pastor to mobilize the congregation they serve to be part of God's global harvest. To help each pastor have eyes for His harvest (**John 4:35**).
- (6) To pray with our pastors for a great spiritual awakening within their church, their local community, the USA/Canada Region and the world.

My Commitment to the Chicago Central District

- (1) To assist church boards and congregations in the selection of strong pastoral leaders.
- (2) To provide District vision for building Mission Areas and Cohort Leaders who think "**multiplying ministry**" and equip other leaders for ministry.
- (3) To continually talk about and cast a vision before CCD Nazarenes to participate in God's global harvest and to encourage our people to have "eyes for the harvest."
- (4) To help identify **new leaders** to start **new ministries** and **new churches** wherever we can and as fast as we can.
